

KDM Naming Convention

version 1.0

- **EMAIL SUBJECT LINE = ZIP FILE NAME** as defined below.
- Individual email per movie.
- Extension KDMs must overlap in time with earlier KDMs – else error message occurs in some servers.
- Instructions in the email for downloading and installing KDMs are recommended.
- The media block serial number should be displayed in a visible location for an operator to see.
- Refer to REFERENCE* for detailed field definitions.

*REFERENCE:

Additional detail regarding field definitions can be found at <http://DigitalCinemaNamingConvention.com/unabridged.asp>.
